

American Fork Department

Election Returns

Favor Republicans

Democrats Secure Majorities For Three Candidates, Republicans for Nineteen, Including Precinct Justice and Constable.

The election in American Fork last Tuesday was rather mixed in results, though the Republicans secured majorities for most of their candidates. The average Republican majority was 44. In view of the fact that two years ago the Democrats won with a majority of 180 over the Republicans and were supposed to have a big progressive vote added to this, the victory is considered a most decided one.

James H. Moyle's majority was 1 over Smoot. H. T. Reynolds, Democrat beat Henry Gardner 48 votes. B. N. Christensen's majority over J. F. Bringham was 89. These were the only Democratic majorities.

John H. Wootton's majority over Caleb Tanner was 33. G. F. Shelley, and W. E. Duncan were elected precinct justice and constable respectively, by majorities of 52 and 89 over their Democratic brethren. County results will be found on another page. Details of the local vote follow:

For United States Senator, James H. Moyle (D) 498, Reed Smoot (R) 491, J. F. Parsons (S) 35.

Her Suffering Ended

After a Year of Suffering Mrs. Catherine Sagers Goes to Her Reward.

Death came to Mrs. Catherine Sagers on Saturday morning, after a year of suffering with a dropsical affection. A little more than a year ago she underwent an operation in the Salt Lake hospital, but has never quite recovered, and passed from earth at 11:15 Saturday morning.

Catherine Singleton was born in American Fork, in 1857, and has been a resident of Utah county all her life. She was married to Henry Sagers and is the mother of seven children; five of whom; three daughters and two sons, survive her.

The funeral services took place on Monday afternoon from the First Ward Chapel, and were presided over by Counselor J. H. Davis. A large concourse of relatives and friends

were in attendance. The opening prayer was offered by Alma Greenwood; the speakers for the occasion were Brothers Wootton, Creer and Greenwood, and the First Ward choir offered some excellent musical selections.

James H. Martin and daughter rendered as a duet the beautiful poem, "Unanswered," and J. H. Davis sang as a solo, "Beautiful Isle of Somewhere." The benediction was pronounced by Bishop J. H. Storrs, and the grave was dedicated by Brother Robinson.

JOHN H. WOOTTON

John H. Wootton, leading American Fork citizen, who was carried to victory riding on the crest of the wave which engulfed the Democrats of Utah County. Mr. Wootton has had much experience as a law maker. His efficient work, knowledge of men and well known ability as a parliamentarian may elect him president of the senate, to which he was elected last Tuesday.

Mineral Flat Mine

Reports Good Strike

Lessees of Old Knight Property May Have Opened Ore Body Which "Uncle Jesse" Spent Thousands Trying to Find.

George Tyler came down from American Fork canyon early in the week and reports a strike in the old Mineral Flat property that may mean the placing of this once promising property in the dividend list, at any rate the lessees, Messrs Rabbe and Daniels, are now taking out an exceedingly fine grade of lead carbonate ore that runs as high as 150 ounces in silver, some gold and about 40 per cent lead. Nick Iverson, the veteran canyon saw mill man and ore hauler, has contracted to haul the ore to American Fork, where it will be stored awaiting a rise in the metals.

Those who have seen the strike say there is twenty inches of it, and that the way it is opening up, the indications are that it will develop into a good sized body. When Mr. Tyler saw it, the men had struck it but a day and a half before, but had already taken out about 40 sacks. The ore is found in what is known as the Broadbent or middle tunnel, where it intercepts the old Missouri fissure about 400 feet from the portals, and is about 200 feet from the surface, directly under where the fine ore was found on the surface which caused the extensive development work, hoping to encounter it at depth.

It appears that Messrs Rabbe and Daniels have been prospecting the Mineral Flat property on a lease for the past three years. They have devoted their energies largely to searching for ore in the tunnel 310 feet deeper than the Broadbent tunnel. Several years ago considerable zinc ore was taken out of the upper tunnel, and a few days ago it occurred to them that the hanging wall of the zinc ore might be the casing of another ore body. Accepting this theory, a few days ago they put a round of holes into the wall which proved to be only a lime bar, and the first shot disclosed the ore. If the new find develops permanently the lessees will push the lower tunnel in 200 feet further, which will then give them a depth of 510 feet of stinging ground.

Others who have seen the strike say that it is developing most promisingly and will probably mean a lot both to the lucky lessees as well as to the many stockholders who have spent much in the form of Irish dividends.

Canyon Notes

Send Will came down from the Broadbent tunnel and reports an indication of the presence of the Wootton flat property in the old Wyoming. He also carries the good news

of the recent strike in the Mineral Flat property.

Mrs. M. J. Stewart came down from Salt Lake City Monday, and went up the canyon to inspect the Stewart mine, in which she is the principal owner, and in which we reported a strike last week. Her son, Claud, came down from the mine Tuesday and confirms what was said about the property in the article, and says that it continues to improve as work develops.

Arrangements Progressing For Fall Festival

Details are rapidly being formed into shape for the Autumn Festival which is scheduled for Thanksgiving week. It promises to be the biggest affair of its kind ever undertaken here. The object is to raise funds to meet the assessment levied on the four wards of American Fork to finish paying off the Stake Tabernacle debt. If sufficient funds are raised in this manner there will be no assessment levied and at the same time the people will have enjoyed the biggest week of fun and amusement in their lives.

The various committees are composed as follows:

Chairman, Alma Greenwood; Elijah Cutler, Secretary; Pearl Bezzant, Assistant Secretary and Treasurer; Eli J. Clayson, Vice Chairman, General Amusement, with J. B. Sealy, Annie C. Hindley, Emma C. Smith, Benjamin Fulem, Bazaar, with Irving L. Pratt, Sadie Bromley, Eli B. Hawkins, Lucy Ambrose, Benjamin Moffat, George and Lilly Varney, Jas. and Rose Varney, soliciting.

THIEF BUGLARIZED STORE

On Monday, sometime during the night, a thief entered the premises of the Royal Tailoring company, supposedly through one of the rear windows. He helped himself to a liberal supply of jewelry, leaving the boxes

and wrapping just outside the window; it is believed he also appropriated a suit of clothes from the cleaning and pressing department. The police were notified and are now working on the case, although arrests have been made.

Mother Dresses Baby But We Dress Dad

Dressing of the "dads" in this community is often a problem. There are many kinds of dads—big dads, little dads, old dads, young dads, fat dads, lean dads, prospective dads—in fact just about every kind of a dad you could think of as a dad.

But we dress them all, because we have the assortment of cloth and style to

fit any kind of figure or purse.
